- +,=- The percentage of students meeting the standard is significantly above (+), not significantly different from (=), or significantly below (-) expectations. A difference is reported as significant when there is a 5% or smaller probability that a difference of that size could occur by chance. The fewer the number of students, the larger the difference must be from the expectation before it is considered significant. Significance is not calculated for fewer than 6 students.
- For an explanation of how these statistics were calculated, see "Guidelines for Interpreting Diploma Examinations Multiyear Reports".

Five-Year Diploma Examination Participation 2002/2003 to 2006/2007

	2002/2003		2003/2004		2004/2005		2005/2006		2006/2007

- +,=- The percentage of students meeting the standard is significantly above (+), not significantly different from (=), or significantly below (-) expectations. A difference is reported as significant when there is a 5% or smaller probability that a difference of that size could occur by chance. The fewer the number of students, the larger the difference must be from the expectation before it is considered significant. Significance is not calculated for fewer than 6 students.
- For an explanation of how these statistics were calculated, see "Guidelines for Interpreting Diploma Examinations Multiyear Reports".

Five-Year Diploma Examination Participation 2002/2003 to 2006/2007
